You will get a phone call from your child's tutor once a week to check in on you and your child(ren). This is to ensure they are keeping up with their learning and getting feedback from their teachers as well as answer any questions you may have.

Who can I contact for help/support?

For subject feedback, students can send their work to the following email addresses for feedback from their teachers. If they have completed the work by hand, they can take a photo to send it to the email addresses.
