Dear Parents/Carers

Wellbeing Survey

Students in our school will be asked to take part in a Survey (Questionnaire) run by researchers at the University of Oxford. The survey measures the mental well-being (general health and happiness) of school students during lockdown. It helps to understand the impact of COVID-19 on wellbeing and learning, so that schools can give students the support they need during the return to school.

Attached is information provided by the university for parents/carers, but there is also clear information about the survey on the university webpage, including 'Frequently Asked Questions': <https://www.psych.ox.ac.uk/research/schoolmentalhealth>.

You may also want to watch this 3-minute video that explains the survey to children, which is also helpful for parents/carers and schools to watch. Information video for children: <https://youtu.be/gbwVdBuf1zA>

All students in Years 7-11 will be invited to do the survey via their school email address, **unless you contact us and tell us you do not want your child to take part**. Your child can also choose not to take part when the information is sent to them.

If you have any questions please contact the researchers at: pathfinder@psych.ox.ac.uk.

If you are not happy for your child to take part in this survey, please contact the school before Friday 19 June 2020 or send an email to KOA.Office@clf.uk.

Kind regards,

Katherine Ogden
Associate Principal
